## ORGANIZATION

NIPPON KOEI CO., LTD. (Nippon Koei) was founded in 1946 as the first independent engineering consulting firm ever established in Japan.

For the past five decades, Nippon Koei has studied, engineered and/or successfully commissioned hundreds of development projects in more than 80 countries worldwide.

Nippon Koei's clients include government and private agencies around the international organizations such as the World Bank, the United Nations, regional development banks for Asia, Africa and Latin America and other development funds. Nippon Koei also performs consulting services for overseas projects of the Japan International Cooperation Agency and for those financed by the Japan Bank for International Cooperation.

Nippon Koei was ranked 17 th Among the top 200 international design firms in terms of billings of consulting engineers as given in the July 19, 1999, Engineering News Record's annual turnover survey report, "The 1996 Top International Design Firms".
